

MenoHeal

Significance of the formulation

Alleviate menopausal symptoms. Helps reduce hot flashes & night sweats and reduce the frequency & severity of occurrence

Why should it be taken?

Ashwagandha can help to balance hormones, reduce stress and anxiety, and promote overall health and well-being.

Curcuma Longa has beneficial effects on ovary-related diseases that could be achieved through its anti-inflammation, anti-apoptosis and antioxidant properties.

Angelica archangelica is helpful in improving circulation and regulation of menses, also helps to soothe discomforts associated with menstruation.
